Foundation: Amorotech = (amor) o (tech)

Dream:

World where tech projects are run by non-tech people

Vision:

A world where every non-tech entrepreneur has access to the tech skills they need to build social projects with a positive impact on the world

Mission:

To empower non-tech entrepreneurs with the tech skills and expertise they need to build successful projects that scale and thrive

Purpose:

To apply the most recent advancements in technology to deliver a new generation of projects that satisfy emerging demands
